The webpage only needs these, the creator can modify the style by himself.
Set the asset ID in the source code, only this asset can be sent.

for example

```
<Asset id ="2WGtvoV1LxvBpYHXpYHFoDb9XGR3Cig1LE8bUK2d6hMB7mpaVPKgFhCqsFsZTGbTZvHTKydJ7QThZwHYAjPSMthk">
```

All code will be open source on github.
Everyone can easily use this asset web wallet, only need to change the asset id.
